NEW QUESTION: 1A SysOps Administrator management a fleet of instance store-backed Amazon Linux EC2 instances. The SSH key used to access these instances has been lost. How can SSH access be restored?**A.** Launch a new fleet of EC2 instances with a newly created SSH key**B.** Create a new SSH key and apply the new key to the running EC2 instances**C.** Contact AWS Support to retrieve a backup of the SSH key after authentication**D.** Create a new SSH key slop the EC2 instances apply the new key, and restart the EC2 instances**Answer: C****Explanation:** ExplanationResolutionWarning: Do not perform this procedure if your EC2 instance is an instance store-backed instance. This recovery procedure requires a stop and start of your instance, which means that data on instance store volumes will be lost. For more information, see Determining the Root Device Type of Your Instance.To recover access to your Linux instance using AWS Systems Manager (SSM) automation, run the AWSSupport-ResetAccess Automation automation document. For more information, see Reset Passwords and SSH Keys on Amazon EC2 Instances.Or, to manually recover access to your Linux instance, create a new key pair to replace the lost key pair. For more information, see Connecting to Your Linux Instance If You Lose Your Private Key.

NEW QUESTION: 2Given the accompanying output, which additional command is needed to redistribute IGRP into EIGRP?Router eigrp 123Network 10.10.10.0No auto-summary!Router igrp 123Network 172.16.0.0Network 172.17.0.0**A.** None, EIGRP and IGRP are automatically redistributed in this instance.**B.** Under the router eigrp mode add redistribute igrp 123**C.** Under the router igrp mode add redistribute eigrp 123**D.** Under the router eigrp mode add redistribute igrp 123 subnets**Answer: A****Explanation:**The point of this question is redistribute IGRP into EIGRP.When redistributing IGRP into EIGRP, there is a feature that they are automatically redistributed ifthey have same autonomous system number; in opposite, they need to manually redistributed ifthey have different autonomous system number..
