NEW QUESTION: 1 Which of the following best describes the format of the /etc/fstab file?
A. mount point; filesystem type; device name; mount options; dump filesystem; fsck order
B. device name; filesystem type; mount point; mount options; dump filesystem; fsck order
C. device name; mount point; mount options; filesystem type; dump filesystem; fsck order
D. mount point; device name; filesystem type; mount options; dump filesystem; fsck order
E. device name; mount point; filesystem type; mount options; dump filesystem; fsck order
Answer: E
Explanation: From the man pages: The first field, (fs_spec), describes the block special device or remote filesystem to be mounted. The second field, (fs_file), describes the mount point for the filesystem. For swap partitions, this field should be specified as `none'. The third field, (fs_vfstype), describes the type of the filesystem. The fourth field, (fs_mntops), describes the mount options associated with the filesystem. The fifth field, (fs_freq), is used for these filesystems by the dump(8) command to determine which filesystems need to be dumped. The sixth field, (fs_passno), is used by the fsck(8) program to determine the order in which filesystem checks are done at reboot time.

NEW QUESTION: 2 A new RecoverPoint/SE environment has been installed with a single cluster. There are no limitations regarding journal sizes and you want to choose how frequently RecoverPoint can create point-in-time copies. What is the highest frequency available for point-in-time copies in this environment?
A. One per sec.
B. One per I/O
C. One per 500 μ sec.
D. One per 500 msec.
Answer: B

NEW QUESTION: 3 Click the Exhibit button. Customer wants to modify the properties of their SPI Web services as shown in the exhibit. What is the reason for the error?
A. The customer is trying to modify a service that does not exist.
B. The customer is trying to modify a service by specifying incomplete parameters.
C. The customer is trying to modify a service by specifying the wrong type of SVM (Vserver).
D. The customer is trying to modify a service by specifying the wrong service name.
Answer: D
