B,D,EExplanation:ExplanationSprint retrospective meetingsThe sprint retrospective meeting typically occurs on the last day of the sprint, after the sprint review meeting.In this meeting, your team explores its execution of Scrum and what might need tweaking.Based on discussions, your team might decide to change one or more processes to improve its own effectiveness, productivity, quality, and satisfaction. This meeting and the resulting improvements are critical to the agile principle of self-organization.Look to address these areas during your team sprint retrospectives:* Issues that affected your team's general effectiveness, productivity, and quality.* Elements that impacted your team's overall satisfaction and project flow.* What happened to cause incomplete backlog items? What actions will the team take to prevent these issues in the future?Reference:
