But when talking about the Certification Preparation for Administrator Exam [JN0-460 Test King](#) exam test, many people feel headache and don't know how to prepare for it.

NEW QUESTION: 1A.DataContractSerializer serializer = new DataContractSerializer();**B.** var serializer = new JavaScriptSerializer();**C.** XmlSerlizer serializer = new XmlSerlizer();**D.** var serializer = new DataContractSerializer();**Answer: B****Explanation:**The JavaScriptSerializer Class Provides serialization and deserialization functionality for AJAX-enabled applications.The JavaScriptSerializer class is used internally by the asynchronous communication layer to serialize and deserialize the data that is passed between the browser and the Web server. You cannot access that instance of the serializer. However, this class exposes a public API. Therefore, you can use the class when you want to work with JavaScript Object Notation (JSON) in managed code.

NEW QUESTION: 2When is "Deny all" policy an exception in Zone Based Firewall**A.** traffic traverses 2 interfaces in same zone**B.** traffic sources from router via self zone**C.** traffic terminates on router via self zone**D.** traffic traverses 2 interfaces in different zones**E.** traffic terminates on router via self zone **Answer: A****Explanation:**+ There is a default zone, called the self zone, which is a logical zone. For any packets directed to the router directly (the destination IP represents the packet is for the router), the router automatically considers that traffic to be entering the self zone. In addition, any traffic initiated by the router is considered as leaving the self zone.By default, any traffic to or from the self zone is allowed, but you can change this policy.+ For the rest of the administrator-created zones, no traffic is allowed between interfaces in different zones.+ For interfaces that are members of the same zone, all traffic is permitted by default.Source: Cisco Official Certification Guide, Zones and Why We Need Pairs of Them, p.380

NEW QUESTION: 3You are the program manager of the JNH Program. Tom, a project manager in your program, has just completed his project and is ready to officially close his project. You agree that Tom's project is completed.What role do you play in Tom's project closure?**A.** You must ensure that the project sponsor closes the project.**B.** You must close the project before operations closes the project.**C.** You must ensure that the program management team closes the project for the project manager.**D.** You must ensure that that the projects within the program have been closed at the project level.**Answer: D**
