While preparing the EPHYA_2024 exam dumps, you get to know the pattern of the exam paper and the form of EPHYA_2024 dumps questions as well.

NEW QUESTION: 1 Assume you are the portfolio manager for a leading drug store in your country that offers numerous products. In the past four years, nearly every store has had to enlarge its pharmacy unit and hire additional staff members with the aging population. Observing this change, two years ago, stores set up clinics to provide customers with immediate care. As you see the growth in the stores in the health arena, you are looking at trends and realize: **A.** For the health care clinics to be viewed with integrity, a medical doctor must be available at each store **B.** Customers wonder if they should trust the health care services offered given the other available products **C.** Each store requires a balance between its health care services and products that may have adverse health effects **D.** Alcohol, tobacco, and sugar soft drink products should no longer be offered **Answer: D**

NEW QUESTION: 2 **A.** Option D **B.** Option A **C.** Option C **D.** Option B **Answer: D**

NEW QUESTION: 3 In a Unica Campaign Flowchart, a customer database table (see below) is mapped in a Select process box. There is a requirement to output the following fields: CustomerID, and an Age group which would have the values "YOUNG" for customers whose age is less than 40 and "OLD" for customers whose age is greater than 40. This column will be consumed by another downstream process in the flowchart. Ideally, which steps should be executed to get the task done? **A.** Alter the table to add the required column and map the table again in the flowchart. **B.** Create a derived field in the Select process using the required logic and use it for further processing in the flowchart. **C.** Create a custom macro with the required logic and use it in User variables for further processing in the flowchart. **D.** Create a Derived field with the Persistent option processing the required logic and use it for further processing in the flowchart. **Answer: D**

NEW QUESTION: 4 The closing process scope includes: **A.** Activity List **B.** Contract closeout **C.** Exit interview **D.** Final reporting **Answer: B** Explanation: closing process scope includes Contract closeout.
