NEW QUESTION: 3Why does storage replication fail as a backup strategy?**A.** It is not possible to meet the Recovery Time Objective (RTO), because the replica copy is offline.**B.** The Recovery Point Objective (RPO) cannot be met due to latency between the primary and replica copies.**C.** Replication copies data errors from the primary to the replica copy.**D.** Replication introduces an inconsistency between the content and the database.**Answer: C**

NEW QUESTION: 4Please wait while the virtual machine loads. Once loaded, you may proceed to the lab section. This may take a few minutes, and the wait time will not be deducted from your overall test time. When the Next button is available, click it to access the lab section. In this section, you will perform a set of tasks in a live environment. While most functionality will be available to you as it would be in a live environment, some functionality (e.g., copy and paste, ability to navigate to external websites) will not be possible by design. Scoring is based on the outcome of performing the tasks stated in the lab. In other words, it doesn't matter how you accomplish the task, if you successfully perform it, you will earn credit for that task. Labs are not timed separately, and this exam may have more than one lab that you must complete. You can use as much time as you would like to complete each lab. But, you should manage your time appropriately to ensure that you are able to complete the lab(s) and all other sections of the exam in the time provided. Please note that once you submit your work by clicking the Next button within a lab, you will NOT be able to return to the lab. You may now click next to proceed to the lab.
