NEW QUESTION: 1What does Schedule Preview do?**A.** Provides print preview functionality**B.** Calculates the new forecast dates**C.** Reports on multiple projects without opening them**D.** Reschedules but does not finalize until Save**Answer: D****Explanation:**About Schedule Preview After modifying activity, relationship, and assignment data, but before deciding to formally schedule a project, use the optional Schedule Preview feature to estimate schedule changes without actually committing them to the project. Schedule Preview automatically recalculates the schedule for activities that have changed or were affected by a change to a relationship, resource assignment, or another activity. You can then decide to commit these changes to the schedule or, if the preview produces unwanted results, discard them. If Schedule Preview is disabled, changes to activities are not reflected in the schedule until you manually calculate the schedule again.
