NEW QUESTION: 1 Compare a typical Distributed Replicated Block Device (DRBD) with MySQL Standard Replication using master-slave replication. Which two statements are correct? **A.** Only MySQL can maintain a time-delayed copy of data on the secondary node. **B.** Both technologies guarantee an identical copy of data on the secondary node. **C.** Both technologies use the TCP/IP stack as their primary transmission medium. **D.** DRBD uses shared-disk technology. **Answer: A,C**
Explanation: **A:*** Replication cannot use Unix socket files. You must be able to connect to the master MySQL server using TCP/IP. **D:** Time Delayed replication is however something quite helpful for some environments. Though DRBD also could be extended to support one if needed. Not **B:** DRBD (Distributed Replication Block Device), one of the leading solutions for MySQL HA (High Availability), offering users: / An end-to-end, integrated stack of mature and proven open source technologies, fully supported by Oracle; / Automatic failover and recovery for service continuity; / Mirroring, via synchronous replication, to ensure failover between nodes without the risk of losing committed transactions; / Building of HA clusters from commodity hardware, without the requirement for shared-storage.

NEW QUESTION: 2 A customer has configured SnapDrive for Windows to assist in creating Snapshot copies of a LUN. In SnapDrive, the transport protocol configuration uses the vsadmin user account for authentication. SnapDrive fails to connect to the SVM. Why did this failure occur? **A.** The vsadmin account is locked or does not have a password. **B.** SnapDrive requires a cluster-wide privileged account. **C.** Transport protocol requires a domain Windows account. **D.** Transport protocol requires a local Windows account. **Answer: A**

NEW QUESTION: 3 Two storage arrays in distant datacenters are required to communicate via the same subnet, which of the following technologies would facilitate this? **A.** NPIV **B.** VLAN **C.** VSAN **D.** FCoE **Answer: B**
