NEW QUESTION: 1A system administrator wants to configure a setting that will make offline password cracking more challenging. Currently the password policy allows upper and lower case characters a minimum length of 5 and a lockout after 10 invalid attempts. Which of the following has the GREATEST impact on the time it takes to crack the passwords?**A.** Increase the minimum password length to 8 while keeping the same character set**B.** Implement an additional password history and reuse policy**C.** Allow numbers and special characters in the password while keeping the minimum length at 5**D.** Implement an account lockout policy after three unsuccessful logon attempts**Answer: D**

NEW QUESTION: 2An NSX administrator notices an error during the initial configuration of the SSO lookup service, as shown:The administrator pulls up the lookup service status, which displays Disconnected.What step should be performed to resolve this issue?**A.** Use IP address versus the DNS name in the Lookup Service**B.** Change the Port number from 7444 to 443**C.** Regenerate the SSL Certificate and reboot the NSX Manager**D.** Change the SSO Administrator User Name**Answer: C**

NEW QUESTION: 3You are troubleshooting problems with DHCP in relation to lightweight APs. They vendor class identifier (VCI) is not specified in the DHCP server. When you contact vendor support, they inform you that it is not necessary.When is this information true?**A.** When only one client option 60 value is required**B.** When only one AP exists on the subnet**C.** When only one client option 43 value is required**D.** When the DHCP server is directly connected to the subnet**Answer: C****Explanation:**Explanation/Reference:Explanation:The DHCP server should be configured to provide the IP address information to the APs, but it may also be required to pass information for option 43. Option 43 is a vendor information option and can be used for any vendor purpose. The vendor class identifier (VCI) (for example, "Cisco AP c3600") is used with option60 to determine the appropriate information to return with option 43.
