NEW QUESTION: 1 According to IIA guidance, which of the following is true when the internal audit activity is asked to investigate potential ethics violations in a foreign subsidiary?
A. Cultural impacts are less critical where the organization practices uniform polices around the globe.
B. Communication of any internal ethics violations to external parties may occur with appropriate safeguards.
C. Local law enforcement should be involved as they are more familiar with the applicable local laws.
D. Cross-cultural differences should always be handled by the staff of the same cultural background.
Answer: B

NEW QUESTION: 2 A company has five physical data centers in specific locations around the world. Each data center has hundreds of physical servers with a mix of Windows and Linux based applications and database services Each data center also has an AVVS Direct Connect connection of 10 Gbps to AWS with a company-approved VPN solution to ensure that data transfer is secure The company needs to shut down the existing data centers as quickly as possible and migrate the servers and applications to AWS Which solution meets these requirements?
A. Install the AWS Application Discovery Service agent onto each physical machine Use the AWS Migration Hub import option to start the replication Once the replication is complete, launch the Amazon EC2 instances created by the service
B. Install the AWS Server Migration Service (AWS SMS) connector onto each physical machine Use the AWS Management Console to select the servers from the server catalog and start the replication Once the replication is complete launch the Amazon EC2 instances created by the service
C. Install the CloudEndure Migration agent onto each physical machine Create a migration blueprint and start the replication Once the replication is complete, launch the Amazon EC2 instances in cutover mode.
D. Install the AWS DataSync agent onto each physical machine Use the AWS Management Console to configure the destination to be an AMI and start the replication Once the replication is complete launch the Amazon EC2 instances created by the service
Answer: A
Explanation: Explanation SMS is for Azure/Vmware Vsphere, dataSync, --> for data
https://docs.aws.amazon.com/fr_fr/application-discovery/latest/userguide/what-is-appdiscovery.html

NEW QUESTION: 3 A Citrix Administrator publishes an application but receives reports that the application is NOT visible in Receiver through StoreFront. Why is the application NOT visible to users?
