NEW QUESTION: 1A large hospital has implemented BYOD to allow doctors and specialists the ability to access patient medical records on their tablets. The doctors and specialists access patient records over the hospital's guest WiFi network which is isolated from the internal network with appropriate security controls. The patient records management system can be accessed from the guest network and require two factor authentication. Using a remote desktop type interface, the doctors and specialists can interact with the hospital's system. Cut and paste and printing functions are disabled to prevent the copying of data to BYOD devices. Which of the following are of MOST concern? (Select TWO).**A.** Device encryption has not been enabled and will result in a greater likelihood of data loss.**B.** Malware may be on BYOD devices which can extract data via key logging and screen scrapes.**C.** Privacy could be compromised as patient records can be viewed in uncontrolled areas.**D.** Remote wiping of devices should be enabled to ensure any lost device is rendered inoperable.**E.** The guest WiFi may be exploited allowing non-authorized individuals access to confidential patient data.**Answer: B,C**
Explanation: Privacy could be compromised because patient records can be from a doctor's personal device. This can then be shown to persons not authorized to view this information. Similarly, the doctor's personal device could have malware on it.

NEW QUESTION: 2**A.** Option **C**. Option **A**. Option **D**. Option **B****Answer: D**Explanation:
Explanation With the Deletion Policy attribute you can preserve or (in some cases) backup a resource when its stack is deleted. You specify a DeletionPolicy attribute for each resource that you want to control. If a resource has no DeletionPolicy attribute, AWS Cloud Formation deletes the resource by default. Note that this capability also applies to update operations that lead to resources being removed. For more information on Cloudformation Deletion policy, please visit the below URL:
