**NEW QUESTION: 4** The Chief Technical Officer (CTO) has been informed of a potential fraud committed by a database administrator performing several other job functions within the company. Which of the following is the BEST method to prevent such activities in the future?  
**A.** Least Privilege **B.** Job rotation **C.** Mandatory Vacations **D.** Separation of duties  
**Answer: D**  
Explanation: Separation of duties means that users are granted only the permissions they need to do their work and no more. More so it means that you are employing best practices. The segregation of duties and separation of environments is a way to reduce the likelihood of misuse of systems or information. A separation of duties policy is designed to reduce the risk of fraud and to prevent other losses in an organization.
