NEW QUESTION: 3The best nursing approach to parents who are displaying anxiety and guilt when their baby is hospitalized is to:**A.** Give personal examples that are similar to their situation**B.** Anticipate their emotional responses and acknowledge them**C.** Explain the dangers of excess anxiety and guilt**D.** Distract their attention to something less painful**Answer: B****Explanation:** The best nursing approach to parents who are displaying anxiety and guilt when their baby is hospitalized is to anticipate their emotional responses and acknowledge them. Parents may have a widerange of responses to their child's illness and hospitalization. The nurse should anticipate and recognize the responses and allow them to verbalize their feelings about the illness and hospitalization.

NEW QUESTION: 4An organization has a single Exchange 2016 server. The organization plans to migrate to Exchange Online.You have the following requirements:* You must perform a test migration to Exchange Online with a subset of the mailboxes.* These mailboxes must be migrated back on-premises if the test fails.* Users must sign in to Office 365 by using the same

password that they use for on-premises services.* You must use the fewest additional servers possible to complete the migration.You need to complete the test migration.Which four actions should you perform in sequence? To answer, move the appropriate actions from the list of actions to the answer area and arrange them in the correct order.**Answer:** Explanation: ExplanationBox1The target computer for installing AAD Sync can be stand-alone, a member server or a domain controller.Because the requirements state that fewest additional servers must be used, the domain controller option works.Box2The Password synchronization feature of the AAD Sync tool allows for the end-user to use the same password on-premises and in the cloud but only manage it in one location.Box3The Hybrid Configuration Wizard must be downloaded and run via an existing Exchange server in your on-premises organization.Box4 When you move mailboxes between the on-premises and Exchange Online organizations, you use migration batches to perform the remote mailbox move request.References:
