NEW QUESTION: 1 Welche Dimension befasst sich MOST mit Fähigkeiten, Kompetenzen, Rollen und Verantwortlichkeiten? **A.** Partner und Lieferanten **B.** Wertströme und Prozesse **C.**

Information und Technologie **D.** Organisationen und Personen **Answer: B** Explanation:

Explanation Value streams and processes focus mainly on those areas which ensure integration and coordination of various actions and parts which contribute towards better value creation for the organization. This dimension is more concerned about the way the organization has organized the activities or processes and how it enables and ensures the value creation across all stakeholders.

NEW QUESTION: 2 What does the "channel-list" setting control for each radio interface? **A.** Radio will scan for 100ms on each channel in the list before switching to other channels. **B.** Radio is not allowed to use any channel in the list **C.** Radio will be restricted to using one of the channels in the list **D.** The list is a set of recommended channels for the radio, but the radio may use other channels to avoid interference **Answer: C**

NEW QUESTION: 3 You have an Exchange Server 2013 organization. You plan to use document fingerprinting. You need to identify which file type cannot be used as a template for document fingerprinting. Which document type should you identify? **A.** .txt **B.** .doc **C.** .pptx **D.** .dotx **Answer: D** Explanation:

Document Fingerprinting supports the same file types that are supported in transport rules. One quick note about file types: neither transport rules nor Document Fingerprinting supports the .dotx file type, which can be confusing because that's a template file in Word. When you see the word "template" in this and other Document Fingerprinting topics, it refers to a document that you have established as a standard form, not the template file type. Reference: Document Fingerprinting
