NEW QUESTION: 1Which statement is TRUE for a master-detail relationship?Select all that apply
A. A detail record can be shed using sharing rules
B. Deleting a master record, also deletes the detail record.
C. A master record and a related detail record can have different owners.
D. Record access of detail records are controlled by the master record.
Answer: B,D

NEW QUESTION: 2What attack involves the perpetrator sending spoofed packet(s) with the SYN flag set to the victim's machine on any open port that is listening?
A. Teardrop attack
B. Land attack
C. Bonk attack
D. Smurf attack
Answer: B
Explanation:The Land attack involves the perpetrator sending spoofed packet(s) with the SYN flag set to the victim's machine on any open port that is listening. If the packet(s) contain the same destination and source IP address as the host, the victim's machine could hang or reboot. In addition, most systems experience a total freeze up, where as CTRL-ALT-DELETE fails to work, the mouse and keyboard become non operational and the only method of correction is to reboot via a reset button on the system or by turning the machine off.
Vulnerable Systems:This will affect almost all Windows 95, Windows NT, Windows for Workgroups systems that are not properly patched and allow Net Bios over TCP/IP. In addition, machines running services such as HTTP, FTP, Identd, etc that do not filter packet(s), that contain the same source / destination IP address, can still be vulnerable to attack through those ports.
Prevention:This attack can be prevented for open / listening ports

by filtering inbound packets containing the same source / destination IP address at the router or firewall level. For most home users not running a lot of services, and for those who use IRC, disabling the Identd server within their client will stop most attacks since the identd service (113) is becoming the most attacked service/port.

NEW QUESTION: 3 The preparation of professional staff should include training in **A.** Advanced cardiac life support and ENT. **B.** CPR and basic life support. **C.** Advanced basic life support and ENT. **D.** CPR and EMS. **Answer: B**
