Topic 5, Lab 2 Overview
This is a lab or performance-based testing (PBT) section. The following section of the exam is a lab. In this section, you will perform a set of tasks in a live environment. While most familiar to you as it would be in a live environment, some functionality (e.g., copy and paste, ability to have sites) will not be possible by design. Scoring is based on the outcome of performing the tasks stated in the lab. In other words, it doesn't matter how you accomplish the lab and all other sections of the exam in the time provided. Please note that once you submit your work by clicking the Next button within a lab, you will NOT be able to return to the tab. To connect to Azure portal, type <https://portal.azure.com> in the browser address bar.
