We have been trying to tailor to exam candidates' needs of 300-715 test cram since we built up the company.

NEW QUESTION: 1 Topic 6, Scenario 6, V4 "Independent Test Team" You have for a while been trying to hire a second test automation specialist for your test team. However, you did not have any luck in finding a suitable candidate. So now, you have been asked by IT management of XYZ to forward a proposal with alternative solutions for building an automated regression test suite at system test level over a period of 2 years including needed training and eventual handover to the test team. You have investigated different possibilities and selected four of them to present to IT management. Which of the proposals will you most likely give your highest recommendations? **A.** Outsourcing of test automation based on an offer from an Asian company, AsiaAutoTest, which has people who are specialists in system level capture-replay automation tools. They also offer training and besides they offer to run and maintain the regression tests in the future. **B.** Insourcing of test automation based on an offer from a local company ABC that has people who are specialists in system level capture-replay automation tools and they also do regular training courses in test automation methods and tools. They can then work closely with Vicki. **C.** Solution from a tool vendor offering to educate two test team members in the use of their easy-to-use test automation capture replay tool over the first 3 month and based on that build the regression test suite. In addition to Vicki, Steve is the only one that has time available to be educated. **D.** Internal offer from the development department of XYZ to create the regression package using CppUnit as test automation tool. One of the development groups have very good experiences in automating unit tests, and they are willing to do training as well. **Answer: B**

NEW QUESTION: 2 Ein Abstellraum-Manager versucht, mithilfe der Anwendung "Inventar-Verwendung" zu ermitteln, welche Transaktionen für einen bestimmten Abstellraum abgeschlossen wurden.
