NEW QUESTION: 1A. Option AB. Option BC. Option CD. Option D**Answer: C**

NEW QUESTION: 2In Network Modeling, what is closest to being a subnet?**A.** zone**B.** Asset Range**C.** Network Range**D.** network**Answer: A**

NEW QUESTION: 3**SIMULATION**Please wait while the virtual machine loads. Once loaded, you may proceed to the lab section. This may take a few minutes, and the wait time will not be deducted from your overall test time. When the Next button is available, click it to access the lab section. In this section, you will perform a set of tasks in a live environment. While most functionality will be available to you as it would be in a live environment, some functionality (e.g., copy and paste, ability to navigate to external websites) will not be possible by design. Scoring is based on the outcome of performing the tasks stated in the lab. In other words, it doesn't matter how you accomplish the task, if you successfully perform it, you will earn credit for that task. Labs are not timed separately, and this exam may more than one lab that you must complete. You can use as much time as you would like to complete each lab. But, you should manage your time appropriately to ensure that you are able to complete the lab(s) and all other sections of the exam in the time provided. Please note that once you submit your work by clicking the Next button within a lab, you will NOT be able to return to the lab. Username and password Use the following login credentials as needed: To enter your password, place your cursor in the Enter password box and click on the password below. Username:

Contoso/Administrator Password: Passw0rd! The following information is for technical support purposes only: Lab Instance: 11145882 You need to ensure that Windows feature updates on Client1 are deferred for 15 days when the updates become generally available. To complete this task, sign in to the required computer or computers. **A.** Select the Start button, then select Settings > Update & Security > Windows Update. * Under Update settings, select Advanced options. * From the boxes under Choose when updates are installed, select the number of days you would like to defer a feature update or a quality update. **B.** Select the Start button, then select Settings < Update & Security < Windows Update. * Under Update settings, select Advanced options. * From the boxes under Choose when updates are installed, select the number of days you would like to defer a feature update or a quality update. **Answer: A**
