NEW QUESTION: 1 DRAG DROP You need to enable third-party vendors to access project documentation in the Partner Projects site collection. Which three actions should you perform in sequence? (To answer, move the appropriate actions from the list of actions to the answer area and arrange them in the correct order.)
Select and Place:
Answer: Explanation: Explanation:
Box 1: Use the Share functionality to share the site.
Box 2: Add third-party vendor email addresses to the Members SharePoint group for the site.
Box 3: Send a message that contains the direct site link to the site user.
Note: *From Scenario: / Third-party vendors must be able to read and modify documents. / The Partner Projects site collection must allow Contoso and Tailspin Toys users to share documents with third-party vendors on an ad-hoc basis, without incurring additional licensing requirements., whether it is your own internal environment or a partner environment. If you use Active Directory Federation Services (AD FS) 2.0, you have a SAML token-based authentication environment.
***Correct:** If the purpose of your Web site is for members of a particular workgroup to share documents and information, you typically add members of that workgroup (that is, their Windows user accounts or Windows groups) to an appropriate SharePoint group on your site. For example, you can add workgroup members that you want to allow to contribute to your Web site to the Site name Members SharePoint group. This way they can add documents and update lists.
***Incorrect:** You can also add other Windows security groups to the Site name Visitors SharePoint group so that they can read documents and view lists, but not contribute to the site. You might also want help managing the site, so you can assign individual Windows user accounts to the Site name Owners SharePoint group.
