NEW QUESTION: 4Which of the following are NOT a countermeasure to traffic analysis?**A.**

Padding messages**B.** Eavesdropping**C.** Covert channel analysis**D.** Sending noise**Answer: B**

Explanation:Lets do this with a elimination process. With padding messages you can countermeasure traffic analysis because you add garbage information to the message to let in end in a fixed length, this can confuse the analyzer. Sending noise on the communication line could also countermeasure analysis because the analyzer don't now how to differentiate between real information and noise. You can also covert channel analysis. Eavesdropping does not apply in this situation, its not considered a counter measure to traffic analysis.
