**NEW QUESTION: 1** What type of BCP test uses actual resources to simulate a system crash and validate the plan's effectiveness? **A.** Preparedness **B.** Walk-through **C.** Parallel **D.** Paper **Answer: A**  
Explanation: Of the three major types of BCP tests (paper, walk-through, and preparedness), only the preparedness test uses actual resources to simulate a system crash and validate the plan's effectiveness.

**NEW QUESTION: 2** The next morning a message came from Lady Berrick, to say that she would see her nephew after breakfast. Left by myself, I walked toward the pier, and met with a man who asked me to hire his boat. He had lines and bait, at my service. Most unfortunately, as the event proved, I decided on occupying an hour or two by sea fishing. The wind shifted while we were out, and before we could get back to the harbor, the tide had turned against us. It was six o'clock when I arrived at the hotel. A little open carriage was waiting at the door. I found Romaine impatiently expecting me, and no signs of dinner on the table. He informed me that he had accepted an invitation, in which I was included, and promised to explain everything in the carriage. Our driver took the road that led toward the High Town. I subordinated my curiosity to my sense of politeness, and asked for news of his aunt's health. What selection best depicts the reason for the narrator's fishing episode as being "unfortunate"? **A.** There was obviously no catch due to the weather. **B.** The wind turned against them. **C.** No catch and having to pay extra for the additional hours. **D.** The tide turned against them. **E.** He missed his appointment with Romaine causing a late dinner. **Answer: E**  
Explanation: Although all the elements of nature contrived against him, the unfortunate aspect of the episode was that he was detained from keeping a scheduled appointment, which made for a delay in dinner for all parties concerned.

**NEW QUESTION: 3** **A.** Script task **B.** Script component configured as a transformation **C.** Script component configured as a destination **D.** Script component configured as a source **Answer: D**
