**NEW QUESTION: 1** Scenario Additional Information Further information on some resources who could be involved in the project: Outcome Account Manager: He represents Outcome which is a recruitment agency that provides specialist outsourcing resources. Outcome provided the consultants who carried out the feasibility study and the same consultants will be providing support and guidance to the Information Technology and Facilities teams during the project. Director of Finance Division: She was transferred from the Information Technology Division 12 months ago. She is responsible for ensuring a cost-conscious approach is adopted in all operational and project activities across the Ministry of Food Hygiene. Hardware Manager: Reports to the Director of Information Technology. He provides computer hardware to all business functions but has little awareness of the needs of his colleagues working in software. Payroll Manager: Reports to the Director of Finance. He is a very experienced and efficient qualified accountant who has much of the responsibility of running the Finance Division on behalf of the Director of Finance. He has been involved in drafting the Ministry's business strategy and assisting in a full business risk assessment. He also drafted the corporate Business Case standards. Which 2 alternative actions apply to the proposed supplier assurance for this project? **A.** Retain because he has a professional facilities qualification and so is in a position to specify the needs of his division. **B.** Add 'Outcome Account Manager' because he will advise on potential changes and their impact on the integrity of the project's products. **C.** Retain because he is well-regarded within the Ministry because of the efficiencies, superb service and savings he has achieved in the Facilities Division. **D.** Retain because he will be able to advise on many of the products that will enable outsourcing to happen, such as the 10-year outsourcing service contract. **E.** Remove because he is involved with the project and is therefore NOT independent.

**Answer: B,D**

**NEW QUESTION: 2**

**NEW QUESTION: 3** Which of the following are valid legal issues associated with computer crime? Select three. **A.** Electronic Data Interchange (EDI) makes it easier to relate a crime to an individual. **B.** It may be difficult to show causation. **C.** It may be difficult to obtain a trail of evidence of activities performed on the computer. **D.** It may be difficult to prove criminal intent. **Answer: B,C,D** Explanation: EDI makes it more difficult to tie an individual to transactions since EDI involves computer-to-computer data interchanges and this makes it more difficult to trace the originator of some transactions. \*Answer "It may be difficult to prove criminal intent" is a valid legal issue since it may be very difficult to prove criminal intent by a person perusing computer files and then causing damage to the files. The damage may have not been intentional. \*Answer "It may be difficult to obtain a trail of evidence of activities performed on the computer" describes the situation of trying to track activities on a computer where the information is volatile and may have been destroyed. \* In answer "It may be difficult to show causation", common law refers to causation of the criminal act. Causation is particularly difficult to show in instances where a virus or other malicious code erases itself after causing damage to vital information.
