It is our top first target to level up your C_ARCIG_2308 practice vce file effectively in short time and acquire the certification, leading you to success of you career.

There is no need for hurry.

NEW QUESTION: 1You are designing a real-time processing solution for maintenance work requests that are received via email.The solution will perform the following actions:* Store all email messages in an archive.* Access weather forecast data by using the Python SDK for Azure Open Datasets.* Identify high priority requests that will be affected by poor weather conditions and store the requests in an Azure SQL database.The solution must minimize costs.How should you complete the solution? To answer, drag the appropriate services to the correct locations. Each service may be used once, more than once, or not at all. You may need to drag the split bar between panes or scroll to view content.NOTE: Each correct selection is worth one point.

Answer: Explanation:ExplanationBox 1: Azure StorageAzure Event Hubs enables you to automatically capture the streaming data in Event Hubs in an Azure Blob storage or Azure Data Lake Storage Gen 1 or Gen 2 account of your choice, with the added flexibility of specifying a time or size interval. Setting up Capture is fast, there are no administrative costs to run it, and it scales automatically with Event Hubs throughput units. Event Hubs Capture is the easiest way to load streaming data into Azure, and enables you to focus on data processing rather than on data capture.Box 2: Azure Logic AppsYou can monitor and manage events sent to Azure Event Hubs from inside a logic app with the Azure Event Hubs connector. That way, you can create logic apps that automate tasks and workflows for checking, sending, and receiving events from your Event Hub.Reference:

<https://docs.microsoft.com/en-us/azure/event-hubs/event-hubs-capture-overview>

<https://docs.microsoft.com/en-us/azure/connectors/connectors-create-api-azure-event-hubs>

NEW QUESTION: 2Give this compartment structure:You want to move a compute instance that is in 'Compute' compartment to 'SysTes-Team'.You login to your Oracle Cloud Infrastructure (OCI)account and use the 'Move Resource' option.What will happen when you attempt moving the compute resource?**A.** The move will be successful though Compute Instance and its Public and Private IP address will stay the same. The Compute Instance VNIC will need to be moved

separately. The Compute instance will still be associated with the original VCN.**B.** The move will fail and you will be prompted to move the VCN first. Once VCN is moved to the target compartment, the Compute instance can be moved.**C.** The move will be successful though Compute Instance and its Public and Private IP address will stay the same. The Compute instance will still be associated with the original VCN.**D.** The move will be successful though Compute Instance Public and Private IP address changed, and it will be associated to the last VCN in t1 target compartment.**Answer: A**

NEW QUESTION: 3A customer table contains a country code column representing the customer's country. There is a corresponding lookup table that captures which country code represents each country (100=Germany, 101=France, 102=Italy, and so on). Which rule logic would address a requirement to find all French customers that have a phone number made up of ten digits?**A.** countryname = 'France' AND phone matches_regexp '99.99.99.99'**B.** lookup(countryname) = 'France' AND phone matches_regexp '99.99.99.99'**C.** IF lookup(country, countrycodes, countrynames) = 'France' THEN phone matches_format '99.99.99.99.99'**D.** IF lookup(countryname) = 'France' THEN phone matches_format '99.99.99.99.99'**Answer: A**

NEW QUESTION: 4What are the benefits of the restricted ABAP syntax? Note: There are 3 correct answers to this question.**A.** Scalability**B.** Reusability**C.** Security**D.** Data consistency**E.** Robustness**Answer: C,D,E** Explanation: Explanation/Reference: See pages 12, 23 and 39 of S4C80 Col17. Detailed information needs to be gathered outside of the course available on SAP Learning Hub.
