Once you submit your questions, we will soon give you detailed explanations, Our CMA-Strategic-Financial-Management study questions are efficient and can guarantee that you can pass the CMA-Strategic-Financial-Management exam easily.

All Exam Questions Include Detailed Answers with Explanations.

NEW QUESTION: 1

次の各ステートメントについて、ステートメントがtrueの場合は、[はい]を選択します。それ以外の場合は、[いいえ]を選択します。注：正しい選択はそれぞれ1ポイントの価値があります。

Answer: Explanation:

NEW QUESTION: 2 Which two features does DNSSEC leverage for proper functionality? (Choose two.) **A.** It uses UDP to reduce the DNS response time. **B.** It uses EDNS to manage the larger DNS packets it requires. **C.** It uses TCP to ensure reliable delivery. **D.** It uses AD and DO inside UDP to reduce response time. **E.** It uses UDP to minimize packet size. **Answer: B, C** Explanation:

Explanation/Reference DNSSEC message sizes will be larger than DNS messages without DNSSEC, and that is managed with the help of the EDNS. This is simply the result of additional information being contained within the DNS responses. Without DNSSEC, DNS packets are typically less than 512 bytes in length. With DNSSEC, many DNS packets will exceed 512 bytes and may approach 4096 bytes. Additionally, end-to-end EDNS must be supported to carry the DO, AD, and other DNSSEC-specific header flags. Because of the increased packet size, DNS with DNSSEC may use TCP more often than DNS without DNSSEC.

NEW QUESTION: 3 Which of the following best practices makes a wireless network more difficult to find? **A.** Disable SSD broadcast **B.** Power down unused WAPs **C.** Use WPA2-PSK **D.**

Implement MAC filtering **Answer: A**
