NEW QUESTION: 1A. Option DB. Option CC. Option BD. Option AAnswer: B

NEW QUESTION: 2A. Option DB. Option BC. Option AD. Option CAnswer: BExplanation: Dump agents are set up during JVM initialization. They enable you to use events occurring within the JVM, such as Garbage Collection, thread start, or JVM termination, to initiate one of four types of dump or to launch an external tool. Default dump agents are set up at JVM initialization They are sufficient for most cases, but the use of the -Xdump option on the command line allows more detailed configuration of dump agents. The total set of options and sub-options available under -Xdump is very flexible and there are many examples presented in this chapter to show this flexibility. Example: To generate system cores: -Xdump:system:events=userReferences: <http://www-01.ibm.com/support/docview.wss?uid=swg21242497>

NEW QUESTION: 3Please wait while the virtual machine loads. Once loaded, you may proceed to the lab section. This may take a few minutes, and the wait time will not be deducted from your overall test time. When the Next button is available, click it to access the lab section. In this section, you will perform a set of tasks in a live environment. While most functionality will be available to you as it would be in a live environment, some functionality (e.g., copy and paste, ability to navigate to external websites) will not be possible by design. Scoring is based on the outcome of performing the tasks stated in the lab. In other words, it doesn't matter how you accomplish the task, if you successfully perform it, you will earn credit for that task. Labs are not timed separately, and this exam may more than one lab that you must complete. You can use as much time as you would like to complete each lab. But, you should manage your time appropriately to ensure that you are able to complete the lab(s) and all other sections of the exam in the time provided. Please note that once you submit your work by clicking the Next

button within a lab, you will NOT be able to return to the lab. Username and password Use the following login credentials as needed: To enter your username, place your cursor in the Sign in box and click on the username below. To enter your password, place your cursor in the Enter password box and click on the password below. Microsoft 365 Username: admin@ Microsoft 365 Password: #HSP.ug?\$p6unlf the Microsoft 365 portal does not load successfully in the browser, press CTRL-K to reload the portal in a new browser tab. The following information is for technical support only: Lab instance: 11122308 You need to ensure that all the email messages in the mailbox of a user named Allan Deyoung are retained for a period of 90 days, even if the messages are deleted. To complete this task, sign in to the Microsoft 365 admin center. **Answer:** Explanation: See explanation below. Explanation 1. Navigate to the Exchange Admin Center 2. Navigate to Compliance management > Retention tags, and then click Add +3. Select the Applied automatically to entire mailbox (default) option. 4. The New retention tag page title and options will vary depending on the type of tag you selected. Complete the following fields: Name: Enter a name for the retention tag. Retention action: Select Delete and Allow Recovery option. Retention period: Select When the item reaches the following age (in days) option. Comment: User this optional field to enter any administrative notes or comments. The field isn't displayed to users. 5. Navigate to Compliance management Retention policies, and then click Add +6. In New Retention Policy, complete the following fields: Name: Enter a name for the retention policy. Retention tags: Click Add + to select the tags you want to add to this retention policy. After you create a retention policy, you must apply it. 1. Navigate to Recipients > Mailboxes 2. In the list view, select the mailbox to which you want to apply the retention policy, and then click Edit. 3. In User Mailbox, click Mailbox features 4. In the Retention policy list, select the policy you want to apply to the mailbox, and then click Save.
