In addition, you will find the operation is very smooth.

**NEW QUESTION: 1**In the WLAN Layer 2 networking environment, can the AP discover the AC in any of the following ways?**A.** Unicast**B.** Multicast**C.** Anycast**D.** Broadcast**Answer: A,D**

**NEW QUESTION: 2**Mary Anne is the program manager for her organization. In her program there are six projects. One of the projects in her program has been performing well. It is on schedule and has no cost or schedule variances. Mary Anne has decided, however, that her program needs to be terminated. Which one of the following is a likely reason why the project should be terminated?**A.** The program scope has changed.**B.** The scope is not being met as planned due to scope creep.**C.** The project resources are not completing their project tasks as assigned.**D.** The project scope has changed from the original intent of the project**Answer: A**

**NEW QUESTION: 3**Sam is the project manager for his organization. His project is not doing well on project schedule performance, and management wants him to predict how the project schedule and cost will end. Management has asked Sam to report and forecast his project's performance based on the Delphi Method, scenario building, technology forecasting, and to forecast by analogy. What forecasting method is management asking Sam to use?**A.** Judgmental methods**B.** Time series methods**C.** Earned value management method**D.** Causal/econometric methods**Answer: A****Explanation:**Management is asking Sam to use the judgmental methods to predict how the project will finish on time and cost. The judgmental forecasting method incorporates intuitive judgments, opinions and subjective probability estimates. Some examples of judgmental forecasting are as follows: Composite forecasts Surveys Delphi method Scenario building Technology forecasting Forecast by analogy Answer option B is incorrect. Time series methods of forecasting use earned value management, moving average, extrapolation, linear prediction, trend estimation, and growth curve. Answer option D is incorrect. The earned value management method is actually a part of the time series forecasting method. Answer option C is incorrect. The causal/econometric methods use linear and non-linear regression, autoregressive moving average, and econometrics.
