NEW QUESTION: 1How would a developer prevent the editing or deleting of a Dojo Name Text Box control's values?**A.** Set the Dojo Name Text Box control's preventEditing property to "true".**B.** Set the Dojo Name Text Box control's readOnly property to "true".**C.** Set both the associated Picker control's readOnly property and the Dojo Name Text Box control's readOnly property to "true".**D.** Set the associated Picker control's preventEditing property to "true".**Answer: B**

NEW QUESTION: 2DRAG DROP**Answer:** Explanation:

NEW QUESTION: 3A user has launched an EC2 instance from an instance store backed AMI. The user has attached an additional instance store volume to the instance. The user wants to create an AMI from the running instance. Will the AMI have the additional instance store volume data?**A.** No, since this is ephemeral storage it will not be a part of the AMI**B.** Yes, the block device mapping will have information about the additional instance store volume**C.** No, since the instance store backed AMI can have only the root volume bundled**D.** It is not possible to attach an additional instance store volume to the existing instance store backed AMI instance**Answer: B****Explanation:**ExplanationWhen the user has launched an EC2 instance from an instance store backed AMI and added an instance store volume to the instance in addition to the root device volume, the block device mapping for the new AMI contains the information for these volumes as well. In addition, the block device mappings for the instances those are launched from the new AMI will automatically contain information for these volumes.
