Explanation: Contracts: The primary tool of governance is the contract between a cloud provider and a cloud customer (this is true for public and private cloud). The contract is your only guarantee of any level of service or commitment—assuming there is no breach of contract, which tosses everything into a legal scenario. Contracts are the primary tool to extend governance into business partners and providers. Ref: Security Guidance v4.0 Copyright 2017, Cloud Security Alliance (used for educational purpose here)
