**NEW QUESTION: 1**To drive sales, what is important for a sales professional to know?**A.** Ask how many staff bring their own devices to work to upsell mobile accessories.**B.** Find out what their future printer laptop, and interconnect strategy is.**C.** Understand the customers' needs and what drives their purchasing decision.**D.** Determine how much the customer has to spend on their thin client purchase.**Answer: B**

**NEW QUESTION: 2**Which of the following is NOT one of the European Union (EU) privacy principles?**A.** Information collected about an individual can be disclosed to other organizations or individuals unless specifically prohibited by the individual.**B.** Data transmission of personal information to locations where equivalent personal data protection cannot be assured is prohibited.**C.** Individuals are entitled to receive a report on the information that is held about them.**D.** Individuals have the right to correct errors contained in their personal data.**Answer: A**  
Explanation: This principle is stated as an opt-out principle in which the individual has to take action to prevent information from being circulated to other organizations. The correct corresponding European Union principle states that information collected about an individual cannot be disclosed to other organizations or individuals unless authorized by law or by consent of the individual. Thus, the individual would have to take an active role or opt-in to authorize the disclosure of information to other organizations. The other principles are valid EU privacy principles.

**NEW QUESTION: 3**Your network contains an Active Directory forest named contoso.com. The forest contains an Active Directory Federation Services (AD FS) farm. You install Windows Server 2016 on a server named Server2. You need to configure Server2 as a node in the federation server farm. Which cmdlets should you run? To answer, select the appropriate options in the answer area.**Answer:** Explanation: Explanation
