That is exactly what describe our C_TS460_2022 exam materials, You can free download Certified Application Associate - SAP S/4HANA Sales 2022 Upskilling exam pdf demo and have a try.

NEW QUESTION: 1Which of the following would be the BEST defense against sniffing?**A.** Password protect the files**B.** Set static mandatory access control (MAC) addresses**C.** Encrypt the data being transmitted**D.** Implement a dynamic IP address scheme**Answer: C****Explanation:** Encrypting the data will obfuscate the data so that they are not visible in plain text. Someone would have to collate the entire data stream and try decrypting it, which is not easy. Passwords can be recovered by brute-force attacks and by password crackers, so this is not the best defense against sniffing. IP addresses can always be discovered, even if dynamic IP addresses are implemented. The person sniffing traffic can initiate multiple sessions for possible IP addresses. Setting static mandatory access control (MAC) addresses can prevent address resolution protocol (ARP) poisoning, but it does not prevent sniffing.

NEW QUESTION: 2For organisations to improve their customer service they need to:**A.** Gather information when a customer may not return.**B.** Gather information when they first meet a customer.**C.** Gather information from regular customers.**D.** All of the above.**Answer: D**

NEW QUESTION: 3You are a Dynamics 365 Finance developer. You need to create an extension class. Which action should you perform?**A.** Add the class buffer as the first parameter.**B.** Mark the class as final.**C.** Mark the class as protected.**D.** Mark the class as public.**Answer: A**
