A. Leave the project as capital and accrue for revenue as is.
B. Delete all the expenditure items and change the project type.
C. A new project should be set up and costs transferred.
D. Move all the costs to a contract task within the capital project.
E. Change the project type to Contract
Answer: C**Explanation:**Note: *Project TypeThe project type determines how Oracle Projects processes costs (expenditure items) for a project. The type you choose provides many defaults and controls for project entry and processing. You must choose a type from one of the following project type classes:
/Use an Indirect project type to collect and track expenditure item costs and labor hours for overhead activities, such as administrative and overhead work, marketing, and bid & proposal preparation. You can also define indirect projects to track time off including sick leave, vacation, and holidays
/Use a Capital project type to collect and track

costs and labor hours for asset development activities which you plan to capitalize as one or more assets./Use a Contract project type to collect and track costs, labor hours, revenue, and billing for services performed for and reimbursed by a client
