100% Success is ensured as per Money back Guarantee Moreover **CCFR-201 Braindumps Downloads** we have also offer Free demos on request so you can use them and verify the standard, quality and accuracy.

**NEW QUESTION: 1** Which two statements are true about RowSet subinterfaces?  
**A.** A JdbcRowSet object provides a JavaBean view of a result set.  
**B.** A CachedRowSet provides a connected view of the database.  
**C.** A WebRowSet returns JSON-formatted data.  
**D.** A FilteredRowSet object filter can be modified at any time.  
**Answer: A, D**  
**Explanation:** A: a JdbcRowSet object can be one of the Beans that a tool makes available for composing an application. Because a JdbcRowSet is a connected RowSet, that is, it continually maintains its connection to a database using a JDBC technology-enabled driver, it also effectively makes the driver a JavaBeans component. C: The FilteredRowSet range criterion can be modified by applying a new Predicate object to the FilteredRowSet instance at any time. This is possible if no additional references to the FilteredRowSet object are detected. A new filter has an immediate effect on criterion enforcement within the FilteredRowSet object, and all subsequent views and updates will be subject to similar enforcement. Reference: javax.sql Interface RowSet

**NEW QUESTION: 2** Ihr Unternehmen hat eine Hauptniederlassung und zwei Zweigstellen mit den Namen Branch1 und Branch2. Das Hauptbüro enthält einen Dateiserver mit dem Namen Server1, auf dem BranchCache aktiviert ist. Branch1 enthält einen Server mit dem Namen Server2, der als gehosteter Cacheserver konfiguriert ist. Die durchschnittliche Latenz des Roundtrip-Netzwerks zwischen den Büros beträgt 100 Millisekunden. Auf allen Clientcomputern wird Windows 8 Enterprise ausgeführt. Alle Computer sind einer Active Directory-Domäne zugeordnet. Die BranchCache-Einstellungen aller Computer werden wie in der folgenden Abbildung gezeigt konfiguriert. (Klicken Sie auf die Schaltfläche "Ausstellen".) Identifizieren Sie in der folgenden Tabelle die effektive Einstellung für die Clientcomputer in jeder Zweigstelle. Hinweis: Treffen Sie in jeder Spalte eine Auswahl. Jede richtige Auswahl ist einen Punkt wert.

**Answer:** Explanation:ErläuterungSowohl Server1 als auch Server2 werden Inhalte für ihre lokalen Clients zwischenspeichern.Hinweis: BranchCache verfügt über zwei Betriebsmodi:

**NEW QUESTION: 3**HOTSPOTNote: This question is part of a series of questions that use the same scenario. For your convenience, the scenario is repeated in each question. Each question presents a different goal and answer choices, but the text of the scenario is exactly the same in each question in this series.Start of the repeated scenarioYour network contains an Active Directory domain named contoso.com. The functional level of the domain is Windows Server 2012.The network uses an address space of 192.168.0.0/16 and contains multiple subnets.The network is not connected to the Internet.The domain contains three servers configured as shown in the following table.Client computers obtain TCP/IP settings from Server3.You add a second network adapter to Server2. You connect the new network adapter to the Internet.You install the Routing role service on Server2.Server1 has four DNS zones configured as shown in the following table.End of the repeated scenarioYou need to configure an administrator named [\[email&#160;protected\]](#) as the contact person for the fabrikam.com zone.What should you modify? To answer, select the appropriate options in the answer area.**Answer:** Explanation:

**NEW QUESTION: 4**Project 5 of 7: HousekeepingOverviewYou are helping to write training program modules for Contoso Suites. You are editing the second module for housekeeping associates.Start of ShiftThe first thing you should do when you start your shift is check your schedule. The shift supervisor will provide you with a printed schedule listing the rooms for which you are responsible, and a recommended order for cleaning the rooms. Unless an early cleaning is requested by the guest, check-out rooms are given priority so that we can prepare them for the next guests.Use the inventory checklist attached to your cleaning cart to make sure that your cart is fully stocked before you begin your rounds.Room CleaningWhen you are ready to clean a room, knock and announce yourself as "Housekeeping." Give the guest sufficient time to respond (10 to 15 seconds). If the guest does not respond, let yourself into the room and begin cleaning.Start by cleaning the common room and sleeping areas. It is best to follow consistent steps when cleaning rooms. This will help to prevent you from missing anything. In the common room and sleeping area:\* Pick up and dispose of any trash.\* Empty trash cans.\* If the guest has checked out, replace the sheets on each bed with fresh sheets.\* Make the bed.\* Leave a "Contoso Special Treat" on each pillow.\* Dust all wooden furniture.\* Clean the coffee station (if necessary) and restock coffee, cups, and condiment packs.\* Vacuum the common room and sleeping areas.Do not open the courtesy bar. Checking and restocking the courtesy bar is the shift supervisor's responsibility.It is important that you give special attention to the restrooms. The most common guest complaint is about restroom cleanliness. We recommend a "top-down" cleaning method for restrooms:\* Clean all mirrors.\* Clean countertops and sinks.\* If damp, wipe down the shower and shower curtain.\* If necessary, replace toilet paper.\* Replace used towels and wash cloths.\* Pick up any trash and empty trash cans.\* Sweep the restroom floor and mop if necessary.Final CheckMake a final check of the room before leaving.Are the lights turned off?Are the TV and coffee station turned off?Is all trash picked up and disposed of?Is the restroom door closed?Close the door firmly and make sure that it locks behind you. Text your supervisor with the room number.End-of-ShiftWhen you are finished, dispose of all trash in the large receptacles. Drop all sheets, towels, and other lines into the laundry carts. Restock your cart so that it is ready for the next shift.If you have more than 30 minutes left after you have completed your assigned rooms, contact your supervisor for additional assignments.Add a Page Break immediately before the heading "Room Cleaning".**Answer:** Explanation:See the explanation below.Explanation1. Select the line before the heading "Room Cleaning".2. Go to the Insert tab, and selectOR1. Select the line before the heading "Room Cleaning".2. Press Ctrl+Enter.References:
