NEW QUESTION: 1 Which of the following is incorrect with regard to value chain analysis? **A.** The value chain starts with the firm and goes all the way through to the end users of the product. **B.** Value chain analysis is a strategic tool that assists the firm in determining how important the perceived value of the buyers is with respect to the market the firm operates in. **C.** Value chain analysis must be used in conjunction with the strategic plan of the organization. **D.** Value chain analysis is critical to assessing the competitive advantage of a firm. **Answer: A** **Explanation:** Choice "d" is an incorrect statement and the correct choice. The best description of a value chain is that value starts with the suppliers who provide the raw materials for a production process, continues with the firm and its strategic plan, continues with the value created by the customers, and then ends with the disposal and recycling of the materials. Choices "a", "b", and "c" are incorrect, as all are correct statements with regard to value chain analysis.

NEW QUESTION: 2 Click to expand each objective. To connect to the Azure portal, type <https://portal.azure.com> in the browser address bar. When you are finished performing all the tasks, click the 'Next' button. Note that you cannot return to the lab once you click the 'Next' button. Scoring occur in the background while you complete the rest of the exam. **Overview** The following section of the exam is a lab. In this section, you will perform a set of tasks in a live environment. While most functionality will be available to you as it would be in a live environment, some functionality (e.g., copy and paste, ability to navigate to external websites) will not be possible by design. Scoring is based on the outcome of performing the tasks stated in the lab. In other words, it doesn't matter how you accomplish the task, if you successfully perform it, you will earn credit for that task. Labs are not timed separately, and this exam may have more than one lab that you must complete. You can use as much time as you would like to complete each lab. But, you should manage your time appropriately to ensure that you are able to complete the lab(s) and all other sections of the exam in the time provided. Please note that once you submit your work by clicking the Next button within a lab, you will NOT be able to return to the lab. **To start the lab** You may start the lab by clicking the Next button. You need to create a function app named corp8548987n1 that supports sticky sessions.
