NEW QUESTION: 3 During an economic boom, the AD/AS model indicates that the real interest rate will ____ and real wage rates will ____.
A. increase, decrease
B. increase, increase
C. decrease, increase
Answer: B
Explanation: During an economic boom high demand for goods and services and increase demand for resources such as labor. Thus the price of labor (the real wage rate) will increase. Similarly to increase supply more funds are needed. This increased demand for loanable funds will increase the real interest rate.
