NEW QUESTION: 1 You need to recommend a solution for the sales reports. What should you include in the recommendation?
A. Distributed File System (DFS) **B.** BranchCache in distributed cache mode **C.** BranchCache in hosted cache mode **D.** Offline files
Answer: B
Explanation: Explanation/Reference: Explanation: Scenario: Server3 has a shared folder that contains sales reports. The sales reports are read frequently by the users in both offices. The reports are generated automatically once per week by an enterprise resource planning (ERP) system. BranchCache is designed to reduce WAN link utilization and improve application responsiveness for branch office workers who access content from servers in remote locations. Branch office client computers use a locally maintained cache of data to reduce traffic over a WAN link. The cache can be distributed across client computers (Distributed Cache mode) or can be housed on a server in the branch (Hosted Cache mode).

NEW QUESTION: 2 A customer plans to use MDF objects in employee central to create configurable rules. Which of the below permissions suites best to achieve this? There are 2 correct answers to this question.
A. Maintain pay, organization and job **B.** Configure generic object definition **C.** Manage business configuration **D.** Configure business rules
Answer: B, D

NEW QUESTION: 3 Your project is proceeding according to schedule. You have just learned that a new regulatory requirement will cause a change in one of the project's performance specifications. To ensure that this change is incorporated into the project management plan, you should _____.
A. Prepare a change request **B.** Immediately inform all affected stakeholders of the new approach to take on the project **C.** Change the WBS, project schedule, and project plan to reflect the new requirement **D.** Call a meeting of the change control board
Answer: A
Explanation: The change request should detail the nature of the change and its effect on the project. Documentation is critical to provide a record of the change and who approved it, in case differences of opinion arise later. A change request is an output from the direct and manage project work process and an input to the perform integrated change control process.
