They are 100 percent guaranteed 1Y0-440 practice materials, Quickly purchase 1Y0-440 study guide and go to the top of your life, Our website provides the most up-to-date and accurate 1Y0-440 dumps torrent which are the best for passing certification test.

Therefore, there is no doubt that our CCE-N 1Y0-440 latest pdf vce can be your right choice of passing the test in one time, What can help you pass exam as soon as possible?

NEW QUESTION: 1 You are the term store manager of a SharePoint environment. You need to make term sets available across the entire farm. You must ensure that users can reuse terms but not edit terms. Which two actions should you perform? (Each correct answer presents part of the solution. Choose two.) **A.** Create a global term set. **B.** Prohibit grid editing in the Datasheet view. **C.** Create a local term set. **D.** Enable term pinning. **E.** Prohibit the use of keywords other than those in a specific term set. **Answer: A, E**
Explanation: Note: Anyone can add a new term to an open term set. Only people who were identified as contributors to a term set group can add terms to a closed term set in the group. For example, a term set that represents cost centers would probably be closed. A term set that represents contributors to a charity might be open. On global term set see step 8) below. Make a term set available to other site collections After you create a term set on the authoring site collection, you have to make it available to publishing site collections. You can make a term set available to all site collections or to specific site collections. To make a term set available to all site collections: Verify that the user account that performs this procedure is a member of the Owners SharePoint group on the authoring site that contains the catalog. On the authoring site, on the Settings menu, click Site Settings. On the Site Settings page, in the Site Administration section, click Term store management. If the user that performs this procedure is already a member of the Term Store Administrators group, you can skip to step 7. In the Term Store Management Tool, verify that Managed Metadata Service is selected. In the Term Store Administrator section, type one or more user names. Click Save. Right-click Managed Metadata Service, and then select New Group. Type the name of the global term set that you want to create, and then press Enter. Refresh the page. Right-click the term set that you want to make available to all site collections, and then click Move Term Set. In the Term Set Move dialog box, click the global term set that you want to move the term set to, and then click OK. Refresh the page. --- -----

NEW QUESTION: 2 When would you recommend integration with a seller during supplier enablement? There are TWO Answers for this Question. Response: **A.** When the buyer exchanges more than 500 documents per year with the seller **B.** When the supplier requests payments terms of less than 30 days **C.** When the buyer places a single annual order of over \$1 million with the seller **D.** When the buyer needs to receive contract invoices from this supplier **Answer: A, B**

NEW QUESTION: 3 Which formal agreement minimizes the risk of disputes that can occur between an IT service provider and an external supplier? **A.** Underpinning contract **B.** Service level contract **C.** Serviceability contract **D.** Operational contract **Answer: A**

NEW QUESTION: 4 展示を参照してください。
YANGモデルとの対話で使用されるNETCONFプロトコル操作はどれですか? **A.** <get-config> **B.** <copy-config> **C.** <取得> **D.** <edit-config> **Answer: D**
