**NEW QUESTION: 1**Which three statements are true about the Change Center in administration console?**A.** The Change Center has a link to view the changes made so far.**B.** The Change Center has a link to view any servers that need to be restarted.**C.** The Change Center is available only in a Production Mode domain.**D.** After activating the changes to a server's configuration, you must always restart that server.**E.** In a Development Mode domain, the configuration lock can be acquired automatically.**F.** Changes must always be activated before they can be undone.

**Answer: A,B,E**Explanation:Explanation/Reference:Explanation:A: You can view any changes that you have saved, but not yet activated, by clicking the View Changes and Restarts link in the Change Center.C: The View Changes and Restarts link presents two tabs, Change List and Restart Checklist.\* The Change List tab presents all changes that have been saved, but not yet activated.\* The Restart Checklist lists all servers for which non-dynamic changes have been activated, but which require restarts before the changes become effective.Incorrect:D: is wrong because dynamic changes usually don't require a restart if that is all that was changed. If it were mix of dynamic and non-dynamic changes it would require a restart.F: is wrong because in production mode the change center has the "undo all changes" button so you don't have to activate the changes before you undo them.References:
