Answer: A
Explanation: The auto-closable resource fis may not be assigned.
Note: The try-with-resources statement is a try statement that declares one or more resources. A resource is an object that must be closed after the program is finished with it. The try-with-resources statement ensures that each resource is closed at the end of the statement. Any object that implements java.lang.AutoCloseable, which includes all objects which implement

java.io.Closeable, can be used as a resource.Reference: The Java Tutorials,The try-with-resources Statement
