D. 외부 검토 자의 이해 상충 및 외부 평가 일정.
Answer: A

NEW QUESTION: 4Which one of the following statements about the nature of communication

is true?**A.** Accounting terms such as expense, revenue, net income, and variance mean the same to all users.**B.** Communication occurs only when people deliberately and consciously decide to communicate.**C.** Communication between departments is affected by the level of functional specialization within departments.**D.** Because managerial accounting reports classify and summarize vast amounts of data, the reports do not add to the information overload within an organization.**Answer: C****Explanation:**Communication between departments is sometimes affected by the level of functional specialization within those departments. Noise of any sort can inhibit communication, and that noise can be physical or nonphysical. An example of nonphysical noise is the difference in expertise between the sender and the recipient. A sender must establish a climate that encourages the elimination of interpersonal barriers to communication.
