NEW QUESTION: 1A customer network engineer has made configuration changes that have resulted in some loss of connectivity. You have been called in to evaluate a switch network and suggest resolutions to the problems.Which of statement is true regarding STP issue identified with switches in the given topology?**A.** Bpduguard configured on the New_Switch places the access ports in error-disable**B.** Rootguard configured on SW1 places the ports in root inconsistent state**C.** Loopguard configured on the New_Switch places the ports in loop inconsistent state**D.** Rootguard configured on SW2 places the ports in root inconsistent state
Answer: CExplanation:Explanation/Reference:Explanation:On the new switch, we see that loopguard has been configured with the "spanning-tree guard loop" command.The loop guard feature makes additional checks. If BPDUs are not received on a non-designated port, and loop guard is enabled, that port is moved into the STP loop-inconsistent blocking state, instead of the listening / learning / forwarding state. Without the loop guard feature, the port assumes the designated port role. The port moves to the STP forwarding state and creates a loop.

NEW QUESTION: 2A new policy requires the security team to perform web application and OS vulnerability scans. All of the company's web applications use federated authentication and are accessible via a central portal. Which of the following should be implemented to ensure a more thorough scan of the company's web application, while at the same time reducing false positives?**A.** The vulnerability scanner should be configured to perform authenticated scans.**B.** The vulnerability scanner should be installed on the web server.**C.** The vulnerability scanner should scan for known and unknown vulnerabilities.**D.** The vulnerability scanner should implement OS and network service detection.**Answer: A**

NEW QUESTION: 3**A.** SQL Tuning Advisor**B.** Memory Advisor for the shared pool**C.** Memory

Advisor for the PGAD. SQL Access Advisor **Answer: B** Explanation:
