NEW QUESTION: 1 Which of the following document includes responsibilities and mechanisms for governance in cloud environment?
A. Service Level Agreement
B. Contract
C. Operational level Agreement
D. Governance memo
Answer: B
Explanation: Cloud computing changes the responsibilities and mechanisms for implementing and managing governance. Responsibilities and mechanisms for governance are defined in the contract. as with any business relationship. If the area of concern is not in the contract. there are no mechanisms available to enforce. and there is a governance gap. Governance gaps don't necessarily exclude using the provider, but they do require the customer to adjust their own processes to close the gaps or accept the associated risks. NEW QUESTION: 2 You are a business analyst in an organization that has recently embraced business analysis as part of its initiative for new projects. In this organization, there is not an organizational standard for tailoring business analysis duties and expectations. Which one of the following best describes the action that you should take to begin business analysis?
A. Work with the appropriate stakeholders to determine how the business analysis work should be completed.
B. Define the organizational standard first.
C. Create a business case for the need for organizational standards for business analysis.
D. Take charge and begin the business analysis activities, but document your approach to serve as a template for future business analysis initiatives.
Answer: A
Explanation: The best answer is to work with the appropriate stakeholders to determine what business analysis activities should be done in the present initiative. Answer C is incorrect. There's not a need to define an organizational standard immediately, as this can evolve over time based on projects and business analysis experience in the organization. Answer B is incorrect. A business case isn't needed. Answer A is incorrect. While this answer is tempting, it does not address the cooperation and involvement of the stakeholders.

NEW QUESTION: 3 Customer perceptions and business outcomes help to define what?
A. Governance
B. Total cost of ownership (TCO)
C. The value of a service
D. Key performance indicators (KPIs)
Answer: C
