NEW QUESTION: 2HOTSPOTYou need to design the CloudManager app to meet the requirements.What should you do? (To answer, select the appropriate option from each drop-down list in the answer area.) Hot Area:**Answer:** Explanation:Explanation/Reference:Box 1: App for SharePoint 2013Box 2: Immersive Full Page* Immersive (or full-page app): This shape provides a fully immersive experience by using the entire page.While this gives you complete control over the app experience, it is important to make sure that your app properly links back to the SharePoint site, so the user experience feels integrated and not lost. To make this simple, we provide a chrome control that not only lets your app automatically point a user back to their SharePoint environment, but it also provides your app with the current SharePoint cascading style sheet (CSS). So when SharePoint changes its CSS, say, through a theming change, your app will change its look and feel as well.Reference: Deciding between apps for SharePoint and SharePoint solutions
