NEW QUESTION: 2XYZ Corporation has five segments in its accounting flexfield. For a special profit-and-loss report, they want to sort by the fourth segment, which is "product." Select the element that would meet this need.**A.** row set**B.** row order**C.** column set**D.** content set**Answer: B**

NEW QUESTION: 3The MOST important success factor to design an effective IT security awareness program is to:**A.** avoid technical content but give concrete examples.**B.** ensure senior management is represented.**C.** ensure that all the staff is trained.**D.** customize the content to the target audience.**Answer: D**
Explanation: Awareness training can only be effective if it is customized to the expectations and needs of attendees. Needs will be quite different depending on the target audience and will vary between business managers, end users and IT staff; program content and the level of detail communicated will therefore be different. Other criteria are also important; however, the customization of content is the most important factor.
