Moreover, SPLK-2002 exam materials contain both questions and answers, and it's convenient for you to have a check after practicing, Only by practicing our SPLK-2002 learning guide on a regular base, you will see clear progress happened on you.

Whatever where you are, whatever what time it is, just an electronic device, you can practice, Mostly you just need to remember the questions and answers of our Splunk SPLK-2002 exam review questions and you will clear exams.

Free PDF 2024 SPLK-2002: Authoritative Splunk Enterprise Certified Architect Valid Test Papers

The content system of SPLK-2002 exam simulation is constructed by experts, Our company can guarantee that our SPLK-2002 actual questions are the most reliable.

So the requirements in the exam cannot be completed and the candidates face troubles and really feel ashamed, Our SPLK-2002 learning guide is for the world and users are very extensive.

Our experts have crafted Splunk questions and answers packed with the most reliable and authentic information that you will not even find in Exam SPLK-2002 APP files and in online free courses.

Every SPLK-2002 braindump included in the PDF is verified, updated and approved by the experts, The most popular feature of Estrukturit's products is their Splunk Enterprise Certified Architect SPLK-2002 exam questions and answers format.

No one can flout the authority of Splunk SPLK-2002 quiz, Without doubt, our SPLK-2002 practice torrent keep up with the latest information, If you fail then mail us your result scan copy on [\[email#160;protected\]](mailto:protected) and get full refund.

Your exam will be provided in the normal format of Questions **Valid SPLK-2002 Test Papers & Answers** (PrepAway Testing Engine) so you can enjoy interactive exam experience, Perfection and Precision Estrukturit makes its mark by providing you the best Splunk **Valid SPLK-2002 Test Papers** Splunk Enterprise Certified Architect questions and answers, richly packed with the best possible information on your exam syllabus.

NEW QUESTION: 1 SIMULATION The headquarter office for a cement manufacturer is installing a temporary Catalyst 3550 in an IDF to connect 24 additional users. To prevent network corruption, it is important to have the correct configuration prior to connecting to the production network. It will be necessary to ensure that the switch does not participate in VTP but forwards VTP advertisements that are received on trunk ports. Because of errors that have been experienced on office computers, all non-trunking interfaces should transition immediately to the forwarding state of Spanning tree. Also configure the user ports (all FastEthernet ports) so that the ports are permanently non-trunking. Requirement: You will configure FastEthernet ports 0/12 through 0/24 for users who belong to VLAN 20. Also all VLAN and VTP configurations are to be completed in global configuration mode as VLAN database mode is being deprecated by Cisco. You are required to accomplish the following tasks:

1. Ensure the switch does not participate in VTP but forwards VTP advertisements received on trunk ports.
2. Ensure all non-trunking interfaces (Fa0/1 to Fa0/24) transition immediately to the forwarding state of Spanning-Tree.
3. Ensure all FastEthernet interfaces are in a permanent non-trunking mode.
4. Place FastEthernet interfaces 0/12 through 0/24 in VLAN 20.

Please Refer to Explanation below for details:

Answer: Explanation: Explanation/Reference: Console into the Switch

```
Switch>enable
Switch#configure terminal
Switch(config)#interface range fa0/1 - 24
Switch(config-if-range)#switchport mode access <<Make all FastEthernet interfaces into access mode.
Switch(config-if-range)#spanning-tree portfast <<Enables the PortFast on interface.
Next, we need to assign FastEthernet ports 0/12 through 0/24 to VLAN 20. By default, all ports on the switch are in VLAN 1. To change the VLAN associated with a port, you need to go to each interface (or a range of interfaces) and tell it which VLAN to be a part of.
Switch(config-if-range)#interface range fa0/12 - 24
Switch(config-if-range)#switchport access vlan 20 <<Make these ports members of vlan 20
Switch(config-if-range)#exit
Next we need to make this switch in transparent mode. In this mode, switch doesn't participate in the VTP domain, but it still forwards VTP advertisements through any configured trunk links.
Switch(config)#vtp mode transparent
Switch(config)#exit
Switch#copy running-config startup-config
```

NEW QUESTION: 2 A. Option B B. Option D C. Option A D. Option C **Answer: A**

NEW QUESTION: 3 The host application creates transaction logs and rotates old logs to a temp

directory every hour. Which action ensures the logs are saved to the IBM Tivoli Storage Manager server before deleting them?**A.** Use continuous data backup of the temp directory.**B.** Archive the temp directory hourly and specify the DELETEDFILES option.**C.** Run a snapshot and specify the post-snapshot script to delete old logs.**D.** Run an incremental backup and use the host scheduler to delete log files.**Answer: B**Explanation:Use the deletfiles option with the archive command to delete files from your workstation after you archive them.

NEW QUESTION: 4You are a functional consultant for a company named Contoso Entertainment System USA (USMF).You need to copy the bill of materials (BOM) of item number T0012 to a new BOM.To complete this task, sign in to Dynamics 365 portal.**A.** Explanation:Open item number T0012.Go to Engineer >BOM>Lines and select the BOM for the item.Click on Create BOM.Select the Copy option.Ensure the Add option is selected to create a new BOM rather than overwrite the existing BOM.Click OK.**Answer: A**
