NEW QUESTION: 1A cloud architect has determined that the cloud management infrastructure requires an authentication and PKI environment. In addition, each tenant will require its own authentication and PKI environment.What describes these separate environments in a cloud design document?**A. Trust zonesB. Fault domainsC. Multi-tenancyD. Availability zones****Answer: C****Explanation:**Explanation/Reference:The term "software multitenancy" refers to a software architecture in which a single instance of software runs on a server and serves multiple tenants. A tenant is a group of users who share a common access with specific privileges to the software instance.**Incorrect:**Not A: Availability zones (AZs) are isolated locations within data center regions from which public cloud services originate and operate.**Not B:** A fault domain is a set of hardware components - computers, switches, and more - that share a single point of failure.**Not D:** Zones of trust are a defined area of the system where by by necessity, by the presence of key information assets and by the wider environmental context the connections within the zone are treated as at the same level of trust. This effectively couples the components within that subsystem for security purposes.**References:**<https://en.wikipedia.org/wiki/Multitenancy>

NEW QUESTION: 2Which of the following generates a SmartEvent Report from its SQL database?**A. SmartEvent ClientB. SmartDashboard Log ConsolidatorC. Security Management ServerD. SmartReporter****Answer: D**

NEW QUESTION: 3Tax withholding is to the _____ stage of the employment life cycle as COBRA benefits are to the _____ stage of the employment life cycle.**A. Pre-, mid-B. Beginning, endingC. Pre-, postD. Beginning, middle****Answer: B****Explanation:**Answer option C is correct.The life cycle of all compensation-related employment records is marked by specific data collection and documentation. Understanding what documents are required at

each stage will allow HR to properly plan for security, updates, retention, and destruction. The other answers are not reflected in the organizational life cycle. Chapter: Compensation and Benefits Objective: Review Questions
