NEW QUESTION: 1 A large, enterprise customer needs a simple file-sharing platform to enable employees to access their files from any device, especially on very large files too big to send through email. The customer must keep corporate data safe on a private solution due to security and compliance concerns. Is this a software component that will enable the customer to build an enterprise-grade, private cloud storage solution to meet these needs? Solution: HPE Complete- CTERA and Scality RINGA. Yes **B**. No **Answer: B**

NEW QUESTION: 2 A. Option AB. Option BC. Option CD. Option D **Answer: A** Explanation: If document versioning isn't enabled and an item is placed on hold multiple times, SharePoint preserves the version that's current at the time each hold is placed. For example, if version 27 of an item is the most recent when the site is placed on hold the first time, and version 51 is the most recent when the site is placed on hold the second time, versions 27 and 51 are preserved. NEW QUESTION: 3 A company has a website that contains a form named Contact Us. Data from completed forms is saved to a shared document. An office administrator periodically reviews the document. The office administrator sends new submissions to another employee who creates contacts or updates existing contacts. You need to recommend a solution to automate the process. What should you recommend? **A**. Excel Online Connector **B**. Dynamics 365 Marketing **C**. Dynamics 365 Customer Insights **D**. Dynamics 365 Customer Service **Answer: C** Explanation: Microsoft designed Customer Insights to allow organizations to map, match, merge, and enrich customer-based data from different sources. A classic scenario would be to merge data from customer service software, like Freshdesk, and online sales, such as Shopware, into one source for reporting and further data analysis.
