NEW QUESTION: 3When dealing with PII, which category pertains to those requirements that can carry legal sanctions or penalties for failure to adequately safeguard the data and address compliance requirements?**A. LegalB. JurisdictionalC. ContractualD. Regulated****Answer: D**Explanation:ExplanationRegulated PII pertains to data that is outlined in law and regulations.

Violations of the requirements for the protection of regulated PII can carry legal sanctions or penalties. Contractual PII involves required data protection that is determined by the actual service contract between the cloud provider and cloud customer, rather than outlined by law. Violations of the provisions of contractual PII carry potential financial or contractual implications, but not legal sanctions. Legal and jurisdictional are similar terms to regulated, but neither is the official term used.
