NEW QUESTION: 1Scenario:**A.** Option **B**. Option **C**. Option **D**. Option **A****Answer: B**

NEW QUESTION: 2Refer to the exhibit.Which statement correctly describes the configuration?
A. The exec commands in the configuration will be excluded from the test view.**B.** The configuration would not work unless the AAA server is configured for authentication and authorization.**C.** The configuration is the super view configuration of role-based access control.
D. The configuration is the CLI configuration of role-based access control.**Answer: D**
Explanation:Commands exec include configure terminal Commands exec include show run
These two commands say that the user logging in will have restricted access to the device. They can only see the show run and can get into config terminal. Anything apart from this will be denied.
Adds commands or interfaces to a view.parser-mode- The mode in which the specified command exists.include- Adds a command or an interface to the view and allows the same command or interface to be added to an additional view.include-exclusive - Adds a command or an interface to the view and excludes the same command or interface from being added to all other views.exclude - Excludes a command or an interface from the view; that is, customers cannot access a command or an interface.all - A "wildcard" that allows every command in a specified configuration mode that begins with the same keyword or every subinterface for a specified interface to be part of the view.interface interface-name - Interface that is added to the view.command-Command that is added to the view.Reference:
