**NEW QUESTION: 1** Which two statements correctly describes ASA resource management in multiple context mode? (Choose two.) **A.** A resource cannot be oversubscribed or set to be unlimited in the class. **B.** The default class provides unlimited access for all the resources. **C.** The resource limit can only be set as a percentage in the class and not as an absolute value. **D.** The class sets the resource maximum limit for a context to which it belongs. **E.** Context belongs to a default class if not assigned to any other class. **Answer: D,E**

**NEW QUESTION: 2** You have a System Center 2012 R2 Configuration Manager Service Pack 1 (SP1) deployment that contains 8,000 client computers. When a custom application named App1.exe is installed on a computer, a registry value of App1=TRUE is added to the registry. App1 is installed on approximately half of the computers. You need to recommend a solution for creating a collection named Collection1 that contains only computers on which App1.exe is installed. The solution must minimize administrative effort. What should you include in the recommendation? **A.** a software category **B.** a collection that has a direct membership rule **C.** the custom client device settings **D.** a configuration item **Answer: B** Explanation: Explanation/Reference: Explanation: Membership rule of the direct rule type let you choose the users or computers that you want to add as members to a collection. This rule gives you direct control over which resources are members of the collection. This membership does not change unless a resource is removed from Configuration Manager. Configuration Manager must have discovered the resources or you must have imported the resources before you can add them to a direct rule collection. Direct rule collections have a higher administrative overhead than query rule collections because you must make changes to this collection type manually.

**NEW QUESTION: 3** Refer to the exhibit. Which two commands were used to create port channel 10? (Choose two) **A.** Option A **B.** Option E **C.** Option C **D.** Option B **E.** Option D **Answer: A,C**
