We assist you to prepare the key knowledge points of CWAP-404 actual test and obtain the up-to-dated exam answers.

NEW QUESTION: 1 Which three statements about GLBP are true? (Choose three.)
A. It uses a virtual MAC address that starts with 0007.b4.
B. It uses a virtual MAC address that starts with 0070.4b.
C. Preemption is enabled for the configured active virtual gateway by default.
D. It allows the configured virtual IP address to be used on a physical interface as well.
E. It elects multiple active virtual gateways to appoint and manage a single active virtual forwarder.
F. It elects a single active virtual gateway to appoint and manage multiple active virtual forwarders.
Answer: A,D,F
Explanation: The virtual MAC address in GLBP is 0007.b400.xxyy where xx is the GLBP group number and yy is the different number of each gateway (01, 02, 03...). One of the routers in a GLBP group is elected as an AVG - Active Virtual Gateway. There is only one active AVG in a group, and its task is to respond to ARP requests sent to the virtual gateway IP address replying different virtual MAC addresses in response packets. GLBP allows the configured virtual IP address to be used on a physical interface. By default, the GLBP gateway preemptive scheme is disabled. A backup virtual gateway can become the AVG only if the current AVG fails, regardless of the priorities assigned to the virtual gateways.

NEW QUESTION: 2 DRAG DROP You administer an Azure Virtual Machine (VM) named CON-CL1. CON-CL1 is in a cloud service named ContosoService1. You discover unauthorized traffic to CON-CL1. You need to: Create a rule to limit access to CON-CL1. Ensure that the new rule has the highest precedence. Which Azure Power Shell cmdlets and values should you use? To answer, drag the appropriate cmdlet or value to the correct location in the Power Shell command. Each cmdlet or value may be used once, more than once, or not at all. You may need to drag the split bar between panes or scroll to view content.
Answer: Explanation: * Example 1 This example uses two commands: The first command creates a new ACL object and stores it in a variable named \$acl1. The second command updates the ACL object with a rule that permits incoming network traffic only from remote subnet 10.0.0.0/8. Windows PowerShell PS C:> \$acl1 = New-AzureAclConfig
C:PS> Set-AzureAclConfig -AddRule -ACL \$acl1 -Order 100 -Action permit -RemoteSubnet "10.0.0.0/8" - *Parameter: -Order<Int32> Specifies the relative order in which this rule should be processed compared to the other rules applied to the ACL object. The lowest order takes precedence. 0 is allowed. References:

NEW QUESTION: 3 A lightweight AP has been deployed in local mode in a network that consists of 10 wireless LAN controllers in a single mobility group. The AP has been configured to use primary, secondary, and tertiary Cisco WLCs. Due to a major power failure, all those Cisco WLCs are unavailable. Which step does the AP take next? **A.** The AP attempts to join a Cisco WLC configured as a master controller. **B.** The AP reboots and repeatedly attempts to join the configured primary, secondary, and tertiary Cisco WLCs in that order. The process continues until one of the configured Cisco WLCs is available. **C.** The AP attempts to join the Cisco WLC that has the greatest capacity available. **D.** The AP state transitions to AP Fallback Mode and continues to provide limited WLAN services (that is, no new client authentications) until a Cisco WLC is available. **Answer: A**

NEW QUESTION: 4 Kelly's organization has posted a new job opening for their organization. This job opening is for a woman to be the restroom attended, for all women's restrooms and locker rooms, in their organization. Kelly believes, however, that the requirement for the applicant to be a female is a violation of the Title VII of the Civil Rights Act of 1964. Which one of the following is the best answer for this scenario? **A.** This is an example of an exception by bona fide occupational qualification to the Title VII of the Civil Rights Act of 1964. **B.** The sex of applicants is excluded from the Title VII of the Civil Rights Act of 1964. **C.** This is an example of a violation of the Title VII of the Civil Rights Act of 1964. **D.** This is not a violation of the Title VII of the Civil Rights Act of 1964 because there is an equal paying and titled job for the men's restroom and locker rooms in the company. **Answer: A**
Explanation: Explanation/Reference: Answer option C is correct. This is an example of a bona fide occupational qualification for the position because of the nature of the job and type of employee, female, that is needed in this instance. Answer option A is incorrect. The sex of applicants is not excluded from the Title VII of the Civil Rights Act of 1964. Answer option B is incorrect. This is not a violation of the Title VII of the Civil Rights Act of 1964 because some jobs may have an unintended discriminatory basis. Answer option D is incorrect. The existence of a similar job for men or women does not automatically create exclusion to the Title VII of the Civil Rights Act of 1964.
